

The local chapter of the SPD invites to a

Community Meet-up

***Date: Wednesday, December 16,
2015, 5 - 7pm***

**Location: Main auditorium of grammar school
(Oberschule), Stettiner Street 2**

Over the past few months a number of refugee families have arrived in Bad Gandersheim. We want to give you all – refugees, members of the SPD as well as interested citizens – the opportunity to get to know each other. For the families who are new to our community this gathering is a chance to get to know us and the new environment and culture you are now living in. For our long-term residents the meet-up provides an opportunity to learn more about the stories of the people that have traveled such a long way and are now a part of our community.

Accompanied by coffee and snacks we want to spend a few hours together, making connections and sharing our stories. We want to make a first step toward a community life together filled with mutual understanding among different cultures.

All children are welcome, too. Apart from places to sit together and talk, there is room for games, to run around, to draw, and to do other fun things.

Let's all meet and get to know each other!
